**From Hearst : Victoria: Bedrooms: Private Worlds Places to Dream** before purchasing it in order to gage whether or not it would be worth my time, and all praised Victoria: Bedrooms: Private Worlds Places to Dream:

Design a bedroom that's just made for sweet dreaming and relaxation! Whether it's your own personal retreat; the master suite; a comfy nursery; teen hideout, or guest room, here's how to make it great. Take advantage of fabrics applications; focus on unexpected pleasures that delight the eye (like a grouping of antique frames); and express your individual taste, from airily romantic to richly dramatic. You'll even learn tricks for transforming unusually shaped spaces--like sloping attic bedrooms--into something special!
