Terry Way : Victorian Homes of San Francisco before purchasing it in order to gauge whether or not it would be worth my time, and all praised Victorian Homes of San Francisco:

The Victorian architecture of San Francisco is known the world over for its distinctive look and charm. More than 200 color images show broadshot views of homes tightly stacked together along steep streets, as well as close-ups of details. The text provides a historic background of the architecture that has helped characterize San Francisco as one of the world's most beautiful cities. Styles featured include Italianate, Queen Anne, Eastlake/Stick, and Victorian.
