**Linda Osband : Victorian House Style: An Architectural and Interior Design Sourcebook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Victorian House Style: An Architectural and Interior Design Sourcebook:

36 of 38 people found the following review helpful. Terriffic book! Chock full of photos SketchesBy A CustomerThis is a terrific source book on Victorian Design. Every page is crammed with photos sketches covering interior and exterior design, with lots of ideas for Victorian (exterior) Trim, decorative fences, tiles, furniture, architectural styles, interior trim detailing. Great book!1 of 2 people found the following review helpful. A bit boringBy shellyArrived on time and in good condition. The book is in black and white sketches, which I found annoying. I don't recommend if for those looking for inspiration.28 of 28 people found the following review helpful. Comprehensive overview of European Victorian designBy A CustomerThis work focuses mainly on the details associated with the victorian period in England. Linda Osband uses an even mix of beautiful photographs and detailed sketches to illustrate the many

design elements of the period. She includes a list of suppliers in the U.K., USA, Australia, France and Germany for those wishing to restore their current home. Inspirational and informative

Color photos, catalogue reproductions and an information-filled history detail every aspect of 19th-century Victorian style, as it lives today amid 20th-century convenience. Dramatic exterior details -- chess-piece chimneys, columned porches with wrought-iron Art Nouveau canopies.
