Should have a picture reference page in the front of the book, instead of flipping threw the hole book to find what your looking for(because you don't know what the plants name is).0 of 0 people found the following review helpful. Every page is full of excellent photographs and detailed informationBy

lunarennuiEvery page is full of excellent photographs and detailed information. This is worth every penny, and is the third copy that I've bought.0 of 0 people found the following review helpful. Arrived in perfect condition.By Judith M. KleidonIllustrations of weeds growing in the western United States. Both photographs and written descriptions are helpful in identifying plants. Arrived in perfect condition.
