**Charles Francis Saunders : Western Flower Guide, Wild Flowers of the Rockies and West to the Pacific** before purchasing it in order to gage whether or not it would be worth my time, and all praised Western Flower Guide, Wild Flowers of the Rockies and West to the Pacific:

1 of 2 people found the following review helpful. Kinda LameBy CustomerThe description of this book was really

vague. It's OK as a reference book but the pictures are drawings and overall the book is not that great

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
