Editors of Sunset Books : Western Garden Book: The 20-Minute Gardener: Projects, Plants and Designs for Quick Easy Gardening (Sunset Western Garden Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Western Garden Book: The 20-Minute Gardener: Projects, Plants and Designs for Quick Easy Gardening (Sunset Western Garden Book):

4 of 4 people found the following review helpful. Just perfect!By AhnnaThis book has so many projects that are actually realistic. Sunset is always inspiring but you don't always think you can do their projects. This book is well written with good explanations on how to get the job done. And do many good ideas - I got started right away!!0 of 0

people found the following review helpful. Buy this book if you are a weekend gardener!By Deborah M. CarmichaelI think I would have given this five stars, but have not really used it. The ideas are super, however, and I intend to implement some of them next growing season. The pictures are just beautiful and very well written material. I think anyone who really isn't into spending a lot of time in the yard, besides sitting with a lemonade and a book, on the chaise lounge, is going to love this book!1 of 1 people found the following review helpful. Not much helpBy Grace H. SimonsThis book has a lot of lovely pictures but not a lot of practical steps. The plant reviews seem the same as those available in other Sunset garden books, many of which I already own/use. Frankly, I was disappointed.

Recognized as the proven, reliable expert for growing plants and gardens in the West, this is the ultimate guide to a garden that is beautiful and easy to maintain with minimal effort and time.

About the AuthorSunset magazine (www.sunset.com) is the premier guide to life in the West, covering the newest and best ideas in Western home design and landscaping, food and entertaining, and regional travel in 13 Western states.
