This is a beautiful book, both in it's design and it's content.

The combination of architecture and vacations is highly inspiring. It promises relaxation and pleasure, beauty and style, all in one. Each of the vacation domiciles presented here can fulfill even the most discerning demands of a traveling architect. All lodgings are unique architectural jewels with a wellbeing guarantee and a personal touch that are (design-) visions come true. From the archaic forest hut in the mountain, the luxuriously decorated loft in a major metropolis, or the romantic idyllic house by the lake these part-time dream houses allow visitors to forget the hustle and bustle of everyday life and they are the perfect place for a short escape or a longer time out.
