From Brand: Brooklyn Botanic Garden : Wildflower Gardens: 60 Spectacular Plants and How to Grow Them in Your Garden (21st-Century Gardening) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wildflower Gardens: 60 Spectacular Plants and How to Grow Them in Your Garden (21st-Century Gardening):

0 of 0 people found the following review helpful. Good Reference for Starting a Natural GardenBy CustomerGood, useful info from several experts on growing a wide variety of native plants in all regions; which wildflowers do best in your particular climate, which plants thrive in shade, sun, or partial sun. Are the flowers that you're interested in drought tolerant or do they require frequent watering? Rocky soil or clay? This book, with lots of color photos, will help get you started with a fun, beautiful and easy to care for wildflower garden. Delight your neighbors-I did.5 of 5 people found the following review helpful. DisappointedBy Taurus2Disappointed with this purchase. It is a boring, humdrum tome, not at all what I expected. Reads more like a novel for an English class instead of an informative, pictorial as I imagined. May try to resell on .com marketplace.

Growing native wildflowers is the most beautiful and carefree way to bring the natural landscape into your backyard. In this handbook, discover the beautiful wildflowers and foliage plants that best suit your natural garden, from woodland beds to prairie meadows to alpine rockeries to wetlands.
