**France Royer, Richard Dickinson : Wildflowers of Calgary and Southern Alberta** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wildflowers of Calgary and Southern Alberta:

France Royer and Richard Dickinson have created a great field guide for everyone who has ever wanted to know the name-or the story-of a wildflower. Perfect for your pocket, pack or glove box. Concise, readable descriptions accompany glorious colour photographs of more than 100 Alberta species, found from Red Deer to the Montana border, Banff National Park to the Cypress Hills.

About the Author France Royer is a self-taught photographer. Richard Dickinson is a research associate of the Royal Ontario Museum and a graduate of the University of Alberta (B.Sc., Physical Geography). France and Richard have been working together since 1989 and operate a botanical and photographic service company. Their other titles with the University of Alberta Press are *Weeds of Canada and the Northern United States*, *Wildflowers of Edmonton Central Alberta*, and *Wildflowers of Calgary Southern Alberta*.
