Elizabeth Wilhide : William Morris: Dcor Design before purchasing it in order to gage whether or not it would be worth my time, and all praised William Morris: Dcor Design:

0 of 0 people found the following review helpful. Lovely Book!By PennyAn extensive, well written account of William Morris' life and his significant contributions to society and the art world.

William Morris, one of the most influential designers of the 19th century and an important figure in the Arts and Craft movement, is revisited in this inspirational interior design guide. Rich natural colors, liquid floral patterns, light airy rooms and simple wooden furniture are all radical principles of the Arts and Crafts movement, and are also the fundamentals of most modern dcor. There has never been a better time for introducing Morris designs into the home. Illustrated with a wide range of historical and contemporary decorative schemes, this practical and inspirational guide suggests simple and cost-effective ways of creating an interior dcor that aspires to purity, color and craftsmanship, as defined by William Morris. Chapters provide information on pattern-matching, wall and window treatments, floor coverings, tiles and furnishings, so that a "Morris style" can be extended to whatever degree of authenticity desired. A comprehensive suppliers' list details where to buy Morris and Co. fabrics and wallpapers, and Arts and Crafts furnishings, while an illustrated glossary containing 60 of the best-known designs allows for easy pattern selection and identification.

About the Author Elizabeth Wilhide was born in the United States and has lived in England since the 1960s. She is a leading expert on interior design and has written numerous books on the subject, including *Eco*, *Lighting: A Design Source Book*, *New Loft Living*, and *The Ultimate House Book*.
