In short , if you have been dreaming of building your own willow tree chair , then this is the book to get !! This is one of the best how-to guides ever published .

Building a willow chair will be one of your most satisfying experiences. There is nothing like siting back in a chair you have just built after hours of sawing and hammering. Friends, neighbors and family will be vying to see who sits in it next. And they will marvel as to how in the world did you build such a thing. This book will reveal the mystique surrounding willow furniture and will show you how it is easy to build your very own by following simple techniques

and instructions.
