MARTIN MATTHEWS : Windows '95 Power Tools before purchasing it in order to gage whether or not it would be worth my time, and all praised Windows '95 Power Tools:

The completely revised third edition of Windows Power Tools, updated for the new version of Windows X.0. Designed for experienced Windows end users who want to expand their knowledge of the Windows operating system and enhance its performance, this definitive book/disk package provides solid techniques for managing memory effectively, customizing the major initialization files, and more.
