Steven Bradley : Winter Gardening before purchasing it in order to gage whether or not it would be worth my time, and all praised Winter Gardening:

6 of 6 people found the following review helpful. Winter Garden BeautyBy K. NessThis book was wonderful! The photos are so inspirational and it gives you quick and easy ideas for setting up a winter garden. This book is truly motivational in getting you out in the yard at a time of year that you aren't likely to do so. This book is perfect for the beginning gardener who wants to know the In's and Out's of seasonal gardening. It may be a little elementary for those of you who are not so "green" to your garden, but it will still offer some beautiful, inexpensive ideas.2 of 2 people found the following review helpful. Winter Gardening JoysBy Susan S. MerrillThis is a great gardening book to own. It has two handy charts, "working winter diary" which lists seasonal tasks and "winter-flowering guide" which lists 4 - 8 names of winter annuals, bulbs, perennials, climbers (!) and shrubs and their growing zones. It has many color illustrations with descriptions and a good Table of Contents and Index. A few of the flowers mentioned are not

illustrated. 4 of 7 people found the following review helpful. Winter Gardening Joys By Susan S. Merrill This is a great gardening book to own. It has two handy charts, "working winter diary" which lists seasonal tasks and "winter-flowering guide" which lists 4 - 8 names of winter annuals, bulbs, perennials, climbers (!) and shrubs. It has many color illustrations with descriptions and a good Table of Contents and Index. A few of the flowers mentioned are not illustrated.

An enormous growth in gardening as a hobby has created demand for gardening subjects of all kinds. There is a limited amount of information available to those who want to use the months between winter and spring as a working part of their year. This book is aimed at those who want to do just that.
