Presented in a contemporary, fashionable style (not too much pink, but certainly a bit) and written in a chatty way (with the occasional "man" joke), the Women's Home DIY Manual will give all the girls the information they need for general household DIY. In true Haynes style, there is clear step-by-step photography and easy-to-follow instructions, with difficulty ratings for each project.

About the Author Kerrie Hanafin is Managing Director of "A Woman's Touch", a building company that employs 20 staff, 17 of whom are women.
