This books provides great insight and references. Definitely one to have in your library!0 of 0 people found the following review helpful. Five StarsBy Alex M.All perfect!0 of 0 people found the following review helpful. great book buy it has all the joints and connections.By Dennis Garrettgreat book buy it has all the joints and connections.

A master woodworker reveals exactly how to make perfect joints: L-shaped rabbet joints, mortises and tenons, butt joints, dados and grooves; even deco-rative joints, butterflies, dovetails and inlays; plus Chinese and Japanese styles. A vast number of useful joints for cabinetmaking, furniture making and architectural woodworking.Woodshop News.

An excellent choice for novice or intermediate woodworkers. Fine Woodworking.
