His review - "Very informative with easy-to-follow instructions".2 of 2 people found the following review helpful. Shop JigsBy palHave found this book Wood Magazine: Build Your Own Shop Jigs Fixtures invaluable in building jigs for the router table and band saw. I have modified a few of the plans to suit myself but the book gave me the basic ideas. Would not hesitate to recommend this book to novice or experienced wood worker.

Well-made jigs and fixtures help woodworkers perform virtually every task more accurately and efficiently. That's why it's so important to have a good selection available and the most economical way to obtain the right ones is to build them yourself. Here Wood Magazine presents dozens of shop-proven jigs and fixtures that make working with wood easier and more enjoyable. Each of these projects comes with all the instructions, plans, and parts views any do-it-yourselfer could need, and there's a fantastic variety of options for the router, all-important tablesaw, bandsaw, and drill press. That's not all: woodworkers will find sanding solutions, clamping helps, and other assorted aids.
