**Chris Gleason : Wood Pallet Projects: Cool and Easy-to-Make Projects for the Home and Garden** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wood Pallet Projects: Cool and Easy-to-Make Projects for the Home and Garden:

0 of 0 people found the following review helpful. Even A Guy Who Can't Drive In A Nail Straight Did This!By HughSimpsonI saw this book in my local Lowes and found it much cheaper here!I had seen some examples of pallet furniture and wondered if a guy who can hardly drive a nail in straight could build anything in this book!Well I did and I plan to build more of the ones in it. Chris makes the instructions KISS for folks like me!0 of 0 people found the following review helpful. This is an Easy Read.By breadlady68I bought this book out of curiosity more so than anything else. I am intrigued with the prep and put together of it all. Overall, I enjoyed the how to start and end the projects. Nice for those able to follow through with their projects.Viola GaryWriter0 of 0 people found the following

review helpful. MISLEADING COVER! Trunk on cover does not have a 'HOW TO' inside the book By Jenifer I bought this book to learn how to make the blue trunk that is on the cover, but the 'how to' is not in the book. Just a picture that says how they would love to have this in their home. VERY MISLEADING!!!!!!!

Wood Pallet Projects shows how anyone can upcycle salvaged pallet wood to create truly one-of-a-kind furniture and accessories. Maverick craftsman Chris Gleason combines sound woodworking techniques with a hip designer's sensibility to unleash the limitless possibilities of the common skid. Inside you'll find inspired projects for rescuing and repurposing pallets. Some of his pieces celebrate the rough, edgy character of the material, while others are crafted as fine furniture. He shows how to construct both indoor and outdoor furniture in a variety of styles, along with other useful items such as a birdhouse, a toolbox, and even a ukulele. .

From the Back Cover Free Pallets + This Book = Beautiful Projects + Trees Saved Lumber prices are soaring, and deforestation is a rising concern. Yet millions of pounds of perfectly usable wood are dumped in landfills every year. Wood Pallet Projects shows how anyone can upcycle salvaged pallet wood to create truly one-of-a-kind projects. Maverick craftsman Chris Gleason combines sound woodworking techniques with a hip designer's sensibility to unleash the limitless possibilities of the common skid. Inside you'll find inspired projects for rescuing and repurposing pallets. Some of his pieces celebrate the rough, edgy character of the material, while others are crafted as fine furniture. He shows how to construct both indoor and outdoor furniture in a variety of styles, along with other useful items, such as a birdhouse, a toolbox, and even a ukulele. There's plenty of nitty gritty here on working with pallets, including where to find them, how to process them into usable lumber, fasteners, sanding, and the best finishes (if any) to use. The author provides important advice on how to make sure that your pallets are safe, and not sprayed with harmful chemicals. A colorful gallery of finished work provides further inspiration for green crafting. About the Author Chris Gleason is the author of several books for the DIY market including Built-In Furniture for the Home, The Complete Kitchen Makeover, Complete Custom Closet, Old-School Workshop Accessories and Building Real Furniture for Everyday Life. He was raised on a farm in upstate New York. He has been raising chickens in his Salt Lake City backyard for over six years. He currently builds and sells chicken coops. He has owned Gleason Woodworking Studios for over 13 years. Excerpt. Reprinted by permission. All rights reserved. Discover the potential of rediscovered wood by upcycling salvaged pallet wood to create truly one-of-a-kind projects.
