**CLYDE STEWART : Wyoming Exodus** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wyoming Exodus:

5 of 5 people found the following review helpful. very disappointedBy Paul LibertiniThis is a poorly written third person account of a very unhappy person who has not learned to art of understanding the flaws of others and the flaws of self. Found this book boring in places and rambling in others and not cohesive. The author's grandmother wrote vivid detail accounts of an interesting time in history. Loved her books. Deleted this one from my kindle.4 of 4 people found the following review helpful. What a crybaby!By ChanceOsunshineI read the books that the author's grandmother wrote and enjoyed them. When I read Paul Libertini "Libo"'s review that was written for Wyoming Exodus, I thought the reviewer must be judging Mr. Stewart's book too harshly and decided to read this book so I could then write a review to debunk such a negative opinion. Wow, was I wrong!The other reviewer hit the nail on the head and gave a very accurate review of Wyoming Exodus. I think the author's grandmother would have been very disappointed in what a whiner her grandson became. Elinore Stewart's books were filled with overcoming hardships and helping those that were less fortunate than herself. She always came away with a lesson learned or feeling very blessed to have been able to help others. Wyoming Exodus is written by someone who feels as though he's a victim in everything.

A TALE OF A COUPLE LEAVING A HOMESTEAD IN SOUTH WEST WYOMING FOR A BETTER LIFE IN

MISSOULA MONTANA IN 1939.
