From Brand: Home Planners : Yard and Garden Structures: 74 Easy-To-Build Designs for Gazebos, Sheds, Pool Houses, Playsets, Bridges and More before purchasing it in order to gage whether or not it would be worth my time, and all praised Yard and Garden Structures: 74 Easy-To-Build Designs for Gazebos, Sheds, Pool Houses, Playsets, Bridges and More:

0 of 0 people found the following review helpful. good book was very good ideasBy Carl Franklin, JD/PhDgood book was very good ideas. don't expect any measurements or more detail. this is more of a picture book than a how to. I still like the book simply because I could get some good ideas for my own projects. but even with that, I often had to create

my own project list or find a similar one online. 13 of 13 people found the following review helpful. Book of Drawings By A Customer This book merely showed drawings of things you could buy plans to build. Among the things you can't build with this book is a huge castle. Who on earth would buy a book to build backyard castle? I bought this book expecting several plans for building tool/garden sheds. What I got was some ideas on what a shed could look like. I get more insight every time I look out my kitchen window at my neighbors' sheds. I am not even going to try to resell this book, because I wouldn't do that to anyone. 12 of 12 people found the following review helpful. Book of Drawings By Edso This book merely showed drawings of things you could buy plans to build. Among the things you can't build with this book is a huge castle. Who on earth would buy a book to build backyard castle? I bought this book expecting several plans for building tool/garden sheds. What I got was some ideas on what a shed could look like. I get more insight every time I look out my kitchen window at my neighbors' sheds. I am not even going to try to resell this book, because I wouldn't do that to anyone.

Create your own backyard paradise with this brand-new collection of outdoor structures for your yard and garden. Browse 74 whimsical and practical projects. Most are easy to construct, even for a first-time do-it-yourselfer. Fun or function, convenience or decoration you and your family will enjoy the outdoor amenities featured in this book. The opening "Building Basics" chapter gives you the foundation to review these classic and creative plans. Choose from a wide variety of designs that enhance your outdoor livability: lawn sheds, gazebos, cabanas, pavilions, studio cottages, playhouses, trellises, swings, benches, and arbors, play sets, bridges and more. All designs make use of materials easily available at any lumber or building supply store. Complete construction blueprints are available separately.
