4 of 4 people found the following review helpful. Great book! Definitely recommended!By EzekielThis is a must read for anybody who recognizes the economic and unstable times we live. A practical look into country living, not only for physical and practical preparations, but spiritual preparation. Not running from the crisis but running from sin, living and preparing in the country but still influencing and working in the cities!Once again great book. Definitely recommended. God Bless friends and by Gods mercy and grace may we all be found with the character of Christ and be found doing the Masters Will when He returns.
