Andi Clevely : Your Kitchen Garden: Month-by-month before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Kitchen Garden: Month-by-month:

1 of 1 people found the following review helpful. PERFECT!By LB OwenNo complaints about this transaction-it proceeded as it is supposed to. The book is quite helpful and I am hoping to inflict all these suggestions on my current garden.6 of 6 people found the following review helpful. Kitchen Gardening made easyBy P. M. McLoughlinJust like the other books in the month-by-month series, this book by Andi Clevey puts you on the right track by providing a timetable for all the necessary chores in the kitchen garden. As timing is crucial for sowing and planting, this book is a very handy reference. The author is a well known expert in this field and the book is a clear and concise guide to beginners and pros alike.

A well-managed kitchen garden should supply a wide range of vegetables, fruit, salad crops, herbs and flowers throughout the year, and renowned gardening author Andi Clevely explains how it can be achieved. Each chapter focuses on one calendar month, setting out the tasks to be done and featuring crops that will be ripe for harvesting. Practical projects provide ways of improving produce or increasing yield, and selections of recommended varieties and their qualities are listed for each vegetable or fruit mentioned. Discover which equipment to use, from the basic cloche and cold frame to the greenhouse and the fruit tunnel, with an outline of the benefits of their use weighed against the costs of installation.

About the Author Andi Clevely has been a working gardener for more than 35 years and has written more than 20 gardening books, including *The Allotment Seasonal Planner* and *The Kitchen Garden Month-by-Month* for David Charles. He is also a regular TV presenter, appearing on Granada's *Cook's Garden* and *From the Ground Up* for Carlton. He lives in Powys, Wales, UK.
