Nice pictures and ideasBy Nhung NguyenNice pictures and ideas, but I thought it is for professional, not amateur people who needs a rule to decorate their house0 of 0 people found the following review helpful. Zen InteriorsBy IndalecioThis is an amazing book with great photographs and information. It has helped me to get ideas on how to decorate my apartment.

Embrace simple layouts, gentle light, clean lines.Floor plans, color photos, expert commentary from the designers effects today?s desire for simplicity and calm.Zen interiors are a reflection of the modern urge to simplify, to pare down, to slow down. This book features serene, uncluttered havens from the outside world, created through the central concepts of Zen: simplicity, inner calm, harmony. In home design, this means simple layouts, subtle light, calming tones, and clean lines. Original floor plans and rich full-color photography, plus detailed commentary from the designers, show the process of creation and the final results. Zen Interiors will produce a sense of inner calm in any architect or designer.
